

# E-Zee Cut<sup>®</sup> Supreme

~ *A Medium Weight Cut Away Stabilizer*

**E-Zee Cut<sup>®</sup> Supreme 2.5 oz.** is a high quality, medium weight Cut Away stabilizer for embroidering with knits and lightly woven fabrics. It has a soft hand and is great for use with medium stitch counts and medium density designs. This high quality stabilizer works well with one or two pieces. **The unique manufacturing of the product produces a clean stabilizer with no lint build up even after several laundering cycles**

Use with medium weight fleece, knits and stretchy fabrics.

Cut Away backings should be used for unstable and knit fabrics. Available in black and white.

## **How to use Cut Away Stabilizers**

1. Cut a piece from a roll or use a piece of pre-cut **E-Zee Cut<sup>®</sup> Just Right** to fit your hoop size.
2. Hoop by placing the stabilizer underneath the garment and secure the hoop.
3. Embroider the design and remove the embroidered item from the hoop.
4. Trim the excess stabilizer with a sharp pair of scissors or shears, leaving approximately ¼" around the outside of the design. Rounding the corners instead of leaving them square or pointed will prevent curling.

## **Please Note**

To avoid nicking the fabric when trimming away E-Zee Cut<sup>®</sup> stabilizers, hold the stabilizer while trimming and let the garment drape. Be sure to face it so you can see both the edge of the design and the fabric while you are trimming.
