

Soft Sustainable Sensational

SENSA green

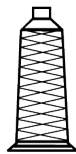

Embrace nature with Sensa Green, one of the most eco-responsible threads in the world. The smooth-running 100% Lyocell fibers in Sensa Green are natural, silky, and the perfect complement for today's sustainable textiles and garments.

Embroidery design from Embroidery Library

Order Item# 710-(Colors)
5500-yard Cone
144 Solid Colors

- Give your embroidery a velvety look and buttery feel with Sensa Green's soft luster and intense colors
- Stitch with confidence on baby items or delicates without worrying about skin irritants
- Luxurious and tough enough for everyday use
- Reduce your personal impact on the environment; Lyocell fibers are made using a resource-saving, low-emissions manufacturing process
- Made from sustainably-managed forests
- STANDARD 100 by OEKO-TEX® certified to be free from harmful substances
